YASH PARMAR

Mobile Application Developer

+91 8160639228 • yashp758820@gmail.com • Portfolio | LinkedIn | GitHub • Rajkot, Gujarat

Summary

Mobile App Developer skilled in Flutter and Android Native, with experience building multiple applications featuring enhanced UI/UX.

Skills

Flutter · Android Native (Kotlin/Java) · iOS Native (Swift) · Firebase · PostgreSQL · GraphQL · UI/UX Design · Version Control (Git) · Java

Experience

Version Systems Pvt. Ltd.   Rajkot, Gujarat

Jr. Mobile App Developer   12/2024 - Present

Mobile App Developer at **FactoHR** (HRMS & RB)

- Developing and enhancing FactoHR, a hybrid HRMS platform (**500K+** active users), working across **Flutter** and native (**Java/Swift**) codebases.
- Led improvements in key modules including Travel Expense, Document Management, and Employee Punch systems.
- Designed and implemented offline punch functionality with local **SQLite** storage and background sync, ensuring seamless attendance tracking during network/server outages.
- Optimized the Admin Kiosk App for face-recognition-based attendance, improving camera and recognition by shifting from Flutter to native APIs, achieving **70%** performance improvement.
- Scaled admin app adoption to **1,500+** daily active users, supporting organizational growth in attendance automation.

Projects

Otaku World - Track, Discover & Share Anime

Mobile client for AniList - Play Store, Official Site, GitHub

- Designed and Developed a Flutter application for anime enthusiasts and manga readers to track their progress seamlessly
- Integrated AniList's **GraphQL** API to provide access to over **500k** anime and manga titles
- Utilized **BLoC** for state management to improve application's performance by 30% and maintainability by 25%
- Designed an intuitive user interface projected to boost user engagement.
- Facilitated global connectivity among anime fans through dedicated communities and forums

JCC - Jamnagar Corporation Care

JCC- GitHub (User app), GitHub (Admin App)

- Developed JCC and JCC Admin applications during SSIP Gujarat Hackathon 2023 for Jamnagar Municipal Corporation.
- Enabled public complaint registration and tracking, streamlining processes for over 6,91,000 residents.
- Used Flutter and BLoC for responsive UI and state management.
- Integrated **Firebase** for real-time database management and **OneSignal** for push notifications.
- Advanced to finals showcasing innovation in civic technology solutions

Shree Hari Design

Browse, search and Order Jewellery Designs

- Designing and building a hybrid jewelry platform with an admin desktop app (MAUI / .NET) for catalogue, order, and inventory operations, and a customer mobile app (Flutter, BLoC) for browsing and ordering.
- Using Supabase for authentication, real-time data, and persistence to keep admin and mobile views synchronized.
- Responsible for feature implementation, cross-platform integration, and ensuring reliable sync between admin workflows and user ordering.

Education

ATMIYA UNIVERSITY   Rajkot, Gujarat

Bachelor of Technology │ GPA: **9.01** / 10   05/2021 - 05/2025

SMT. V.S. SHAH HIGH SCHOOL   Wankaner, Gujarat

Higher Secondary Education │ GPA: **8.6** / 10   08/2019 - 01/2021
